

Abby Johnson

In the fall of 2009, Abby Johnson was touched by God through a startling personal experience of seeing an unborn baby fight in vain for her life.

Texas Monthly, February, 2010.

At lunchtime on October 5, in Bryan, Texas, a woman walked through the rear door of the Brazos Valley Coalition for Life office, which is one block west of a Planned Parenthood clinic. She was crying. It was the thirteenth day of the Coalition's annual 40 Days for Life event.... The three staffers on duty immediately recognized the woman. It was the clinic's 29-year-old director, Abby Johnson. "I want out," she told them. "I don't want to do this anymore. I know it's not right."
