## **News Release**

### **Planned Parenthood in Waco closes abortion facility at 1927 Columbus Avenue, shifts killing to Ross Avenue clinic**

For verification of the Planned Parenthood closure see:

<http://www.plannedparenthood.org/ppwacoab/>

#### **Statement by John Pisciotta, Director of Pro-Life Waco**

“We now see the first major result of the Planned Parenthood Austin takeover of Planned Parenthood in Waco. The closing of the Planned Parenthood Waco abortion facility at 1927 Columbus Avenue is wonderful news for the immediate neighborhood and, in particular, the nearby Waco Montessori School. (In 2011, Planned Parenthood Waco closed its satellite clinics in Groesbeck and Marlin.) Amid community controversy, Columbus Avenue Planned Parenthood launched its abortion business in 1994. At this location, Planned Parenthood has extinguished the lives of 16,932 innocent preborn babies through 2010. Sadly, Planned Parenthood apparently will now continue killing the unborn at its lone remaining clinic at 1121 Ross Avenue. The André Rapoport Women’s Health Center (abortion facility) has moved to the Ross Avenue location. This shatters any pretence that Planned Parenthood’s abortion business is separate from its birth control business. Countless hours were spent and prayers offered by dedicated pro-lifers to bring the closure of the Columbus Avenue abortion mill. We will continue to shine the light on Planned Parenthood in Waco until their doors are closed entirely.”
