### About Pro-Life Waco in the Public Square

The small mustard seed of Pro-Life Waco sprouted with a newsletter mailed to 25 friends. Pro-Life Waco has taken many twists and turns. Today, PLW is focused like a laser beam on what I call "public square outreach". I define this as initiatives that attempt to influence our community BROADLY to embrace pro-life thought and action.

The key word is broadly. An event is only marginally in the public square arena if its focus is on the pro-life faithful, such as a pregnancy care center banquet. When a pro-life group delivers Life Chain outreach on a busy highway this is definitely public square outreach. For public square outreach, messages reach a broad spectrum of our neighbors—not just strong supporters or strong opponents.
