"After seeing Abby's
transformation from running
a Planned Parenthood clinic
to joining our efforts to help
women and save lives,
I believe that anyone can
change their mind
on abortion."

- SHAWN CARNEY, CAMPAIGN DIRECTOR, 40 DAYS FOR LIFE

"A gripping film about one woman's journey that captures your heart and never lets go! Unplanned cuts past the rhetoric and the politics to tell the story about an insider who saw the truth and how it changed her life."

- TONY SANDS, RIGHT TO LIFE LEAGUE Unplanned is the inspiring true story of one woman's journey of transformation.

All Abby Johnson ever wanted to do was help women. As one of the youngest Planned Parenthood clinic directors in the nation, she was involved in upwards of 22,000 abortions and counseled countless women about their reproductive choices. Her passion surrounding a woman's right to choose even led her to become a spokes-person for Planned Parenthood, fighting to enact legislation for the cause she so deeply believed in.

Until the day she saw something that changed everything, leading Abby Johnson to join her former enemies at 40 Days For Life, and become one of the most ardent pro-life speakers in America.
